

FBCER Theology Class: Session 3 (The Trinity)
January 9th, 2021

Before Class

Read chapter 6 in *Bible Doctrine* (pages 104-123). Let them point you to the Bible and help you think about the Bible, but remember, it's also okay to disagree with what you read. Grudem's book is helpful, but it's not the inerrant Word of God.

Questions to Think About

- 1) If you had to pick a Bible passage to explain the Trinity, which one would you choose?
- 2) Illustrations that explain the Trinity all have their limitations, but many have been helpful for Christians as they think about this doctrine. Is there an illustration of this doctrine that has helped you think about the Trinity?
- 3) If someone asked you, "why is the Trinity so important?" What would you say to them?
- 4) How would you explain the Trinity to...
 - A 10-year-old?
 - An unbelieving neighbor?
- 5) What's something you learned from this month's reading?
- 6) Was there anything you disagreed with in the reading?
- 7) What questions do you have about the Trinity? What questions do you think people in our church have about the Trinity?
